

Synchro Alberta’s Athlete Figures Recognition program to recognize athletes in the Wildrose Champions stream based on their skill development in the figures event has been updated. The Technical Director has analyzed the data of the last couple of years and there has been a noticeable improvement in the scores specifically at the 10 and under and 11-12 age group.

As indicated at the introduction of this program, the scores would be reviewed and increased as determined to keep pushing the bar higher for our athletes in alignment with our strategic plan. The scores that have changed are highlighted in the table below. Due to the LTAD implementation this season, 10 and under, Novice and 11-12 are only swimming full figures at Wildrose Classic this year. Therefore, we will only be using that event to determine if they have achieved the standards mentioned below.

Details of the Program
